About Hong Wen

Hong Wen has been a highly regarded private high school in Taichung. It is located in Tanzi District, with beautiful farmland views surrounding its campus and solid curriculum to provide holistic education. Currently there are 57 classes, including 23 junior high classes and 34 senior high classes. The total number of students is around 2600. Hong Wen has established a good study style under the efforts made by all the students and teachers. It is committed to forming a positive and optimistic culture on the campus, respecting each student's individual uniqueness and developing students' multiple intelligence and abilities by helping its students cultivate long term knowledge, academic skills, spirits of cooperation, and life-long learning which is necessary and helpful for future.

School Emblem

The school emblem is designed in the shape of a lotus, expressive of being fresh, extraordinary, elegant, and outstanding. Two persons bowing to each other symbolize the relationships between teachers and students, between teachers and teachers, and between students and students. They base education on mutual love, mutual respect, and mutual help.

Holistic Education and Multi-learning

To provide a multi-learning environment for students with a keen interest in mathematics, natural science, social science, fine arts, or language, the school has set up several special classrooms and programs, such as a school library, two chemistry laboratories, two physics laboratories, two biology laboratories, and ESL programs

Featured Curriculum

- ESL
- Science Literacy
- English Literacy
- Overseas School Online Cultural Exchange
- Practice of Project
