International Education Programs

We offer overseas studies consultation and TOEIC test preparation courses at various levels. We also implement four elective courses in foreign languages in Korean, Japanese as well as applied language curriculum. Annually, we not only hold activities of international exchanges and interschool cooperation but also welcome exchange students to study in our school.

Outstanding Academic Performance

We educate students to reach the level of their ideal university and continue their studies, enhancing the numbers of students who get into national universities.
