Admission Pathways and Future Career

Admission Pathways: College joint entrance examination.
College individual entrance examination.
Military Academy and Police University joint entrance examination.

Students of Comprehensive High School Division

- Admission Pathways:** Students can apply for colleges and institutes of technology through the Stars Program, which offer an opportunity to get nomination with General Scholastic Ability Test (GSAT) scores in conjunction with grade point average (GPA) from the first two years of high school as the admission criterion. In addition, students can apply for Military Academy and Police University if their GSAT results meet these criteria.
- For students who are interested in Police academy, they take its own entrance exam.
- Departments**
Department of Science & Information Engineering, Department of Mathematics, Department of Physics, Department of Chemistry, Department of Earth and Environmental Science, Department of Bioenvironmental Systems Engineering, Department of Medicine and Hygiene, Department of Agriculture, Forestry and Fisheries, Department of Architecture, Department of Design, Department of Arts, Department of Psychology, Department of Journalism & Mass Communication, Department of Foreign Languages, Department of Literature, History and Philosophy, Department of Education, Department of Management, Department of Fiance and Economics, Department of Politics and Law

Students of Vocational High School Division

Category of Design

Department of Arts and Crafts

Department of Advertising Design

Department of Interior Design

Department of Multimedia Design

- Admission Pathways:** Department of Visual Communication Design, Department of Commercial Design, Department of Product Design, Department of Multimedia Design, Department of Motion Graphics, Department of Creative Design, Department of Industrial Design, Department of Cultural and Creative Design, Department of Digital Media Design, Department of Fine Arts, Department of Spatial Design, Department of Architecture, Department of Landscape, Department of Information and Communication, Department of Art Media

- Career opportunites:** Design-related field such as Motion Graphics, Video Games/Computer Software Design, Packaging Design, Exhibition Design, Product Design, Digital Design, Toy Design, Advertising, Illustration, Film and Television editing, Architectural Design, Landscape Design, Studio Management

- Students will receive training to get certificates with the help of our curriculum**
Level C Technician for Graphic Art and Page Making
Level B、C Technician for Visual Communication
Level C Technician for Web Page Design
Level C Technician for Computer-Aided Architectural Drawing

Category of Electrical & Electronics

Department of Electrical Engineering

Department of Computer Techniques

Category of Civil & Architecture

Department of Architecture

- Admission Pathways:** Department of Electrical Engineering, Department of Electronic Engineering, Department of Automation Engineering, Department of Refrigeration, air conditioning and Energy Engineering and Department of electro-optical Engineering.
- Career opportunites:** Plumbing or Power Maintenance, Automated Manufacturing and Controlling, Mechanic and Technician.

- For Certificates:** Level C technician for industrial wiring work, Level C technician for water piping, and Level B technician for interior wiring work

- Admission Pathways:** Department of Computer Science and Information Engineering, Department of Communication Engineering, Department of Electrical Engineering and Department of Electronic Engineering
- Career opportunites:** Software Engineer, Computer Maintenance, and Electrical Circuit Design Engineer.

- For Certificates:** Level C technician for computer hardware fabrication, Level C technician for computer software application, Level C technician for web page design and Level C technician for computer

- Admission Pathways:** Department of Architecture, Department of Construction Engineering, Department of Landscape Architecture, Department of Urban Planning and Architecture, Department of Soil and Water Conservation and Department of Spatial Design.
- Career opportunites:** Architect, Builder, Surveyor, Architectural Draftsman and Supervisor Engineer.

- For Certificates:** Level C survey technician, Level C technician for computer-aided architectural drawing and Level B technician for architectural drawing.

About National Hou-bi Senior High School

National Hou-bi Senior High School, former Hou-bi Branch of Taiwan Provincial Chiayi Girls' Senior High School, was established in 1955. It was reorganized and renamed as "Taiwan Provincial Hou-bi Senior High School" in 1970. In 1975, the additional vocational division was set up with four departments founded successively: Arts & Craft Department, Electrical Technique Department, Architecture & Drafting Department and Computer Technique Department.

There are 30 classes in National Hou-bi Senior High School, including 24 classes of vocational high school division and 6 classes of comprehensive high school division. Among these 24 classes of vocational high school division, 6 classes belong to Arts & Craft Department, while other departments (Advertising Design Department, Multimedia Design Department, Interior Design Department, Architecture Department, Electrical Engineering Department, and Computer Technique Department) respectively own 3 classes. The total number of the students and the faculty is about 880.

Features

Excellent Teaching Staff

Care, Perspective, Cooperation, Innovation, Excellence

High-quality Learning Environment

Adaptive Talents, Learning, Growth, Energy, Creativity

Transportations

Special route buses, buses, trains, dormitory accommodation

Dormitory Accommodation

Quadruple room with air conditioning

Our alumnus respectively won the gold medal and bronze medal of soft tennis in Jakarta Palembang 2018 Asian Games

Winning the Honor of Gold Hand in National High School Skills Competition
