

Our School

We are a traditional high school with a long history. Originally built in 1937 and named *The 14th Girls' Public High School*, we presently accept both boys and girls. The school's name was changed to the present one in 1948. Last year, we celebrated the 80th anniversary of the opening of our school.

Toyonaka City, where our school is located, is a developed residential area. Our city has an airport, which is similar to San Mateo, California in the United States of America and became sister cities in 1963. In 2013, we will celebrate the 50th anniversary of this communion.

In our courtyard we have a beautiful Japanese garden, a rarity among public high schools. It is of course, a place for students to relax. It plays an important role in giving our students piece of mind.

Also, the school is lined with cherry trees because "Sakura" from Sakurazuka High School means cherry blossoms. The cherry blossoms in spring are quite breathtaking. It's so beautiful that when the general public walks by near the school, they

stop in amazement when they see the cherry blossoms.

The walls on the north side of the school grounds that are designed with cherry blossoms are an intangible cultural asset. They are the symbol of our long history. These walls have been looking over the students of Sakurazuka as if they were guardians since they were built. The walls have been standing tall since before World War II and have been protecting the students who come to school until this very day.

The students continue making a new page in Sakurazuka's history. During their school years at Sakurazuka High School the students obtain skills that will let them spread their wings into the world.

Education

It is important to note that high schools in Japan are only 3 years long. Tenth and eleventh grade students study general subjects studiously. Twelfth grade students who have declared their major have the options to take electives towards it. Students have a wide variety of goals and our school offers various subjects including advance classes in both Arts and Science fields. We pride ourselves in bringing out the very best in our students.

Uniform

Recently we revised our uniforms .

The girls' uniform has changed dramatically.

Its color is navy but the skirt and ribbon are lined in pink. The pink represents the color of cherry blossoms.

Along side of the emblem

contains a cherry blossom while "Since 1937" is engraved below. It signifies one of many honors of our school.

The boys' uniform has also changed since 2022

Events

Entrance Ceremony, Off-Campus Activities, Sport Festival, School Festival, Graduation Trip, Ball Game Tournament, Chorus Competition, Graduation Ceremony

Culture Clubs

Art, Brass Band, Calligraphy, Choir,
Cooking, Dance, Drama, ESS, Illustration,
